

PRESIDENT GIVES VIEWS ON ARMENIA

GREAT POWERS SHOULD PLEDGE THEMSELVES TO PROTECT RUSSIA

Revolution Must Be Developed to Satisfactory Conclusion By Russians Themselves--Russian Menace Is From The Inside--Would Place Blame For War.

(By The Associated Press)
WASHINGTON, Jan. 22.—A "public and solemn" engagement among the great powers not to violate or to permit the violation of the territorial integrity of Russia is regarded by President Wilson as the sine qua non of an attempt at the pacification of Armenia and the other states bordering on the once great empire.

The president's views are set forth in a note transmitted to Paul Hymans, president of the League of Nations assembly, by Acting Secretary Davis under date of January 18, and made public tonight.

The president says he has never believed that the problems raised by the Bolshevik coup d'état could be solved by military action from the outside and he expresses the hope "that the recent tragic events on the Polish front and in the Crimea have convinced all the world that armed invasion is not the way to bring peace to the people of Russia."

Mr. Wilson adds that these events have only strengthened his conviction that the Russian revolution, "beneficial in its main purposes," must be developed to a satisfactory conclusion by the Russians themselves, with such help from the outside as may be "voluntarily received."

Mr. Wilson expresses the opinion that the present moment offers a "peculiarly pressing challenge" to an attempt at general pacification on the Russian borders along the lines of a clear distinction between offense and defense. The president then suggests a public and solemn declaration among the powers to refrain from extending aid to small border states in attacking Russia, declaring that in this way responsibility for any new war which might break out on the Russian border would then be "clearly placed."

Full Text of Note.
President Wilson's note, as transmitted by Acting Secretary Davis, of the state department, follows in full:

"Your telegram of December 26, 1920, transmitting a message received by the council from the British government, concerning Armenia, is reported to be under the control of soviet Russia, and suggesting that the president instruct the American high commissioner at Constantinople to take up the matter with the allied high commissioners, has been received and read with interest by the president who instructs me to reply as follows:

"The president does not deem it practicable to instruct the American high commissioner at Constantinople to act for him in this matter. As was stated in my telegram of December 16, 1920, he has chosen the honorable Henry Morgenthau, who has been preparing to act for him in such steps as may be taken. Before instructing him to proceed, however, the president has been awaiting the definite assurances and information from all the principal powers interested as requested in his cable of

PIEZ TELLS HOW THE MERCHANT MARINE MUST BE OPERATED

Shipping Board Should be Relieved of Many Tasks PRAISES SERVICE OF C. M. SCHWAB

(By The Associated Press)
WASHINGTON, Jan. 22.—If the American Merchant Marine is to be developed successfully, the shipping board must be relieved of the task of operating ships and settling claims growing out of the cancellation of war contracts, Charles Piez, of Chicago, former director general of the emergency fleet corporation declared today before the house committee investigating the board's operations.

Coupled with these declarations was a flat denial by Mr. Piez of various charges of mismanagement made against the construction division of the board by Martin J. Gillen in recent testimony before the committee. The witness also denied that Charles M. Schwab had been reimbursed by the government for his personal expenses while Mr. Schwab was director general of the fleet corporation.

Praising Mr. Schwab's services to the government, Mr. Piez said he had accepted the job reluctantly, because he expected to be subjected to unfair criticism and added that it was unfortunate that any suggestion of improper action on Mr. Schwab's part has been made at the hearing.

"Pending receipt of information and assurances requested by the president in his telegram of November 30, 1920, it is deemed wise to state the problem as the president views it, its causes and possible remedies. It would appear that the immediate cause of trouble in Armenia and Turkey has been the treaty of Sevres. Admittedly, this was a difficult question with which to contend but the treaty was drafted by the allied powers and the trouble has arisen over the failure of certain factions to accept this treaty, and of the allies to enforce it. This is a question over which the president has no control and measures which he might take or recommend in this direction would be dependent upon the hearty cooperation and support of the allied powers."

"The British prime minister calls attention to the report that Armenia is under the control of Moscow, from which it appears that another complication has developed. The dependence of Armenia on soviet Russia is another situation over which the president has no control and he sees no action he could take to free Armenia without the moral and diplomatic support of the principal powers which holds promise of bringing peace and accord to the contending parties."

Armenia But One Detail.
"There is bitter distrust and fear of war along all the Russian borders. It seems futile to attempt to bring peace to the Caucasus, if the result is merely to free the forces there engaged for new campaigns on other sectors of this long front. The distressful situation of Armenia is but one detail of this vast Russian problem, and the president most earnestly urges his conviction that it is only by a general and comprehensive treatment of the whole problem only by full and generous

Plans Made to Reduce Rents

CHICAGO, Jan. 22.—The conference of 200 manufacturers called to consider means of starting a national building boom as one method of reducing rents today passed a resolution urging all manufacturers of building materials to reduce prices as much as possible. The resolution met with opposition however, and carried by a slight majority. About half of the manufacturers refused to vote holding that the passing of resolutions should be deferred until the national housing conference in Washington, January 27 and 28 which was held in another resolution. The resolution declared that the United States was short 2,000,000 homes and that a slack period in building had caused much of the present unemployment. Reduction of the cost of building, it said, would tend to relieve the housing condition and employment as well.

PRESIDENT ELECT TAKES HOUSEBOAT FOR FISHING TRIP

Goes Into Seclusion For Rest and Recreation

CHEERED AS HOUSEBOAT LEAVES

(By The Associated Press)
St. AUGUSTINE, Fla., Jan. 22.—The houseboat Victoria, with President-elect Harding and a party of friends aboard, departed this afternoon for a fishing trip down the east coast of Florida and at dusk tied up for the night near Summer Haven, twenty miles to the south.

With his departure from St. Augustine, the president-elect said goodbye to his cares and virtually went into seclusion for two weeks of rest and recreation. He expects to come ashore at two or three points to play golf but during most of the trip intends to keep out of the public eye and forget the problems that must be solved before March 4.

Mr. Harding reached St. Augustine from Marion shortly before noon, made a short call at the hotel which will be his home for a month after he returns from the fishing trip on Feb. 7, and played a round of golf before going aboard the Victoria.

A crowd applauded him when he alighted from his train and later a number of persons gathered at the pier to cheer him as the house boat started on her voyage. The Victoria belongs to Senator Joseph R. Forney, of New Jersey, whose guest Mr. Harding will be during the fishing trip.

Others in the party include George B. Christian, Jr., the president-elect's private secretary; Harry M. Daugherty, of Columbus; Senator A. B. Fall of New Mexico, and Henry P. Fletcher, former ambassador to Mexico.

On her trip south the Victoria, a 90 foot craft, will remain within the Indian river which is a land-locked arm of the Atlantic, extending the length of the state. Altho she looks more like a yacht than a house boat, the Victoria is not powerful enough to go to sea and is not equipped with lights suitable for running at night.

THIS LAMB DID NOT LIVE UP TO HIS NAME

Charged With Destroying Government Property—Accounts Shows Discrepancy of \$54,700.

(By The Associated Press)
Detroit, Mich., Jan. 22.—Franklin Lamb, former quartermaster at Fort Wayne, the army post near here, stood mute when arraigned in federal court late today charged with arson in connection with four recent fires that destroyed government property valued at \$17,000 or more. He was held for trial under \$10,000 bonds.

The charge, filed by the United States Marshall's staff alleged that Lamb caused army post buildings to be fired in an attempt to destroy records which, it is alleged, showed a discrepancy in his accounts of \$54,700. He declared when arraigned early today that overcharges would account for any discrepancies in his accounts.

MICROSCOPE IS NEEDED TO FIND AWARDS OF U. S.

Gets Dye Stuffs and Automobile Lorries

ENGLAND IS GETTING PLENTY

(By The Associated Press)
PARIS, Jan. 22.—A detailed list of the various deliveries made by Germany to the allies in execution of the treaty of Versailles during the first year it was in force has just been issued by the reparations commission. The chief item is coal, amounting to 17,818,840 tons. Next in importance are dyestuffs, of which 10,787,827 kilos were delivered.

Other deliveries were: steamers, sailing vessels and fishing boats, 2,054,000 tons; inland navigation materials 38,730 tons; live stock 360,176 head; seed 6,802,588 kilos; pharmaceutical products 57,823 kilos; rolling stock 5,571; trucks 129,555; motor lorries 5,000; fixed railway materials 140,000 tons; agricultural machinery 131,505.

In addition to the deliveries placed to her credit, Article 238 of the treaty provides that Germany shall effect restitution of objects of every nature and securities and cash taken away or seized. The records for the year show the following deliveries under this article: To France, agricultural machinery, 13,546; industrial machinery, 134,161; locomotives, 13; trucks, 6,931.

To Belgium: Agricultural machinery, 14; industrial machinery, 87,046; locomotives, 234; trucks, 12,897.

Restores Art Treasures
There also has been restoration of other things including certain securities and a quantity of furniture and objects of art, but no figures are given. The list contains various cables which have been delivered and which have not been allocated by the conference at Washington, to which the work was entrusted.

The commission explained that the figures recently published of German payments against the 20,000,000,000 gold marks under article 233 of the treaty are much greater than the real figures. The allocation by the reparations commission of Germanys deliveries shows that France received the largest share with Belgium second and Italy third. The United States appears on the list with two items, dyestuffs, of which she received 1,300,143 kilos and lorries, numbering 1,314.

Great Britain received 1,477,839 gross tons of shipping and 3,113,803 kilos of dyestuffs and 1,243 lorries.

France received 14,210,582 tons of coal; Italy, 1,615,534; Belgium, 1,491,626, and Luxembourg, 538,098 tons.

QUINCY MERCHANT CHARGED WITH ARSON

Proprietor Accused of Setting Building Afire—Carried \$20,000 Insurance.

Quincy, Ill., Jan. 22.—David H. Harris, proprietor of a ready-to-wear store, was released on a charge of arson this afternoon, preferred by the Quincy State Marshal K. M. Elder and is being held under \$5,000 bonds pending a preliminary hearing. His establishment, was burned partially early Thursday.

Harris reported that he carried \$4,000 insurance but it transpired he had \$20,000. An investigation by the fire chief and the deputy state marshal disclosed rags saturated with oil and an electric fan to blow the flames on a stairway leading to the basement.

SNOW FALLS IN SOUTHERN CALIFORNIA

Los Angeles, Cal., Jan. 22.—Snow fell in Hollywood and Elysian Park sections of Los Angeles today for the first time in several years.

The tops of street cars returning to the downtown districts from Hollywood were white with it. Snow fell in Long Beach, a suburb, for the first time in the memory of the oldest inhabitant.

Reports Are Made Public

WASHINGTON, Jan. 22.—Making public today reports of proceedings of the communist at Moscow last summer as printed in Russian soviet newspapers the stated pertinent preface it with a statement that "an obvious fear for democracy was noted in the speeches delivered at the congress."

"Enlightened liberalism is the one obstacle which these communists see to the success of their project," said the department's statement. "They are more vindictive in their references to progressive democracy than they are in their denunciation of Tsarism. They are not afraid of the reaction. They recognize very clearly that their real enemy against which they must marshal their most formidable attack is the spirit of democracy to which this nation is dedicated."

PAST WEEK HAS BEEN LIVELY ONE THROUGHT IRELAND

Was Marked by Many Ambushes of Police Patrols

MANY INTERNMENTS WERE MADE

(By The Associated Press)
DUBLIN, Jan. 22.—This has been the liveliest week in Ireland in a long time. The authorities in Dublin Castle had reported in the previous week a fall in disorders, but this was more apparent than real, as the figures for the week before last included trifling attacks on the mails.

This week was marked by serious ambushes. On one day eight barracks in Tipperary were attacked by large bands which were defeated without serious casualties. The most fatal event was the ambush in County Clare where a police patrol was attacked by fifty men who killed a district inspector, a sergeant and four constables and wounded two others on the first volley.

Several ambushes were attempted on a large scale. They involved no casualties but their preparation in the martial law area indicated that the extremists were not influenced by fear of punishment.

Ambushes Frequent.
An interesting feature of recent happenings is the frequency of ambushes and attacks on barracks in the Newry district of Northeast Ulster which is soon to come under the Belfast parliament. Bombing of police auxiliaries is increasing in Dublin, though thus far it has proved ineffective, many of the bombs failing to explode. Military lorries used in Dublin have now been armored and their tops covered with wiring.

During the past week there were fifty-one arrests for disorders and political offenses. Seventy-five civilians were court-martialed and there were 61 convictions. Three men were sentenced to ten years penal servitude each for kidnapping a railway guard. Seven years in another case were the sentences imposed for arms and ammunition in men's possession. One man was tried for having a copy of the Irish Bulletin.

There were 131 internments during the week. The internments to Jan. 15, numbered 1,429.

POWER IN TARIFF GIVEN TO PRESIDENT

Congressional Action Is Suggested to House Ways and Means Committee.

Washington, Jan. 22.—Congressional action which would permit the president to act to offset discriminatory tariffs of foreign governments was suggested to the house ways and means committee today.

An emergency mentioned by C. H. Bentley, representing the National Canners' Association was said resulting from Australia's subsidy of her fruit canning.

Preston McKinney of the Canners' League of California, went at length into the South American situation where he said the American exporter was confronted with some extremely high tariffs. It is our contention that such treatment should be met with a similar wall around this country on the particular products affected, he added.

SUGGESTION OF ROOT CALLS FORTH SHARP REPLY FROM BORAH

Idaho Senator Says That Delay is one of the Methods of Killing the Disarmament Program—Does Not Want to Delay Action Until After the Inauguration of Harding

(By The Associated Press)
WASHINGTON, Jan. 22.—A suggestion of Elihu Root, former secretary of state that a world conference be delayed until after the inauguration of President-Elect Harding brought a sharp statement tonight from Senator Borah, Republican of Idaho, author of a pending resolution asking the president to initiate negotiations lookign to a reduction of naval building by the United States, Great Britain and Japan. "Delay is one of the methods peculiarly adopted to killing any program of disarmament," said Senator Borah, adding that he regretted "exceedingly that Mr. Root should throw his great influence against the progress that is being made."

"It may be possible," said the senator, "and I presume it is probable that they can stop the passage of this resolution, but they cannot stop the movement."

Mr. Root's suggestion was contained in a letter read today before the house naval committee by Chairman Butler. He said he felt strongly that steps should be taken promptly after the new administration is established to bring about a general agreement on disarmament. But that the precise method of procedure ought to be determined after Mr. Harding and his secretary of state have had an opportunity to inform themselves and reach conclusions as to the way which affords the best prospect of success.

Would Not Hazard Opinion.
The former secretary of state also said he did not feel like hazarding an opinion as to what reply other governments might make to a suggestion from the American government that representatives be appointed to a disarmament conference. He declared that the subject was especially difficult, because of the disturbed conditions of eastern Europe and because too many nations "have special apprehensions of danger against which they wish to guard."

Senator Borah said in his statement that if the suggestion for delay had come from Mr. Harding, he should have felt very much like deferring, but he added that he doubted if Mr. Harding "would wish to say that he wants delay in this matter until he can inform himself as to conditions with which I have no doubt, he is entirely familiar."

"I doubt also," Senator Borah said, "if Mr. Harding would wish to say that he is going to appoint a secretary of state who is not entirely familiar with the situation so far as the underlying principles are concerned."

The Idaho senator added that if Mr. Root or others, would suggest some alternative plan which would expedite and not delay disarmament, he would support it gladly.

Senator Borah said the treaty of Versailles had what amounted to a pledge for disarmament, but that two years after its drafting "the most stupendous programs for armaments ever known have been initiated by at least four of the great allied and associated powers."

WILL BEGIN TO COLLECT RELIEF FUND
New York, Jan. 22.—Herbert Hoover announced today that the European relief would begin at once preparations for collecting, mailing and shipping to Europe the 15 million bushels of corn donated by farmers of the midland west.

Savior of Proletariat Emulates Aristocracy

NEW YORK, Jan. 22.—Soviet Russia's official family in the United States, 45 persons in all, left this country today amid cheering from hundreds who sympathize with the Moscow government.

On the steamer were three score radicals deported from Ellis Island but the two groups did not mingle. The Ellis Island contingent was huddled into the steerage, while the deported "Ambassadors," Ludwig C. A. K. Martens led his official party to the deck and with his wife, entered the suite de Luxe, while his staff and associates provided themselves with cabin accommodations.

Some of those in the Soviet government party departed voluntarily, while others sailed away at the stern command of Uncle Sam. All but one of them beamed with smiles as their ship steamed past the Statue of Liberty and out into the ocean. The only tears were dropped from the eyes of the 15-year-old Svetlana Martens, born in Brooklyn, daughter of the deported "ambassador."

Red flowers, songs for the Soviet and shouts of encouragement burst forth everywhere on the crowded piers, but only one flag came into view.

The man who waved it soon lost both the banner and his hat and acquired a black eye and an injured nose.

"Ambassador" Martens Jr. before sailing said his absence would be only temporary and would be wondered at in the near future, when the United States and Soviet Russia got together on friendly terms.

Have to Get Doctor's Certificate to Get Coal

WASHINGTON, Jan. 22.—The Calder bill for federal regulation of the coal industry was attacked by coal men but endorsed in part by one government official during Senate hearings today.

"People in Buffalo have to get a doctor's prescription before they can buy Anthracite coal," Congressman James M. Meade, democrat, New York, asserted, pleading for some form of regulation of the industry.

"Doctors are overworked now, too, because they have to give prescriptions for liquid heat," Ex-Governor O. C. Curtis of Maine, informed the committee he was a coal man now, but "I don't know what I'll be under this bill."

Later, he added that "no member of this committee, meaning no disrespect to it has information

There is a plea for initiative in action, the suggestion that those who achieve success must not always progress along blazed highways in this bit of philosophy from the Manufacturers News. "You will not leave footprints on the sands of time if you step in the tracks that others make."

MR. HARDING KNOWS.

The reported intention of President-elect Harding of appointing Charles E. Hughes as secretary of state has brought to pass some eleventh hour opposition in the senate. It is not likely that the president-elect will be greatly disturbed by the opposition. He is familiar enough with the senate situation and with political conditions generally to know in advance just about the amount and the source of the opposition to the Hughes appointment.

John Purroy Mitchell, late mayor of New York City, left an estate valued at about \$50,000. These figures furnish the finest evidence of the late officials' integrity, for the opportunities for money getting which come to the chief executive of a metropolis are almost limitless.

CORN FOR EXPORT.

The offer of farmers throughout the state of Illinois thru the state association for corn as an addition to the European relief fund is to

be accepted. The director of the campaign has indicated that the contribution will be gladly received. Now it is up to the farmers to make good the assertion that a thousand or a million bushels can be secured for this relief fund. The benefits will be dual, for the needy will be aided and heavy contributions will help take care of the big corn surplus. Farmers in making their contributions can remember that corn hit a new low mark during the past week.

A DEAD LOSS.

Statistics are mighty dry affairs, but oftentimes they are significant and well worthy of serious consideration. For example, during a six months' period in 1920 there were strikes in European countries in which nearly 8,000,000 people took part. In less than one-third of these strikes did the workers win their demand. The total number of days lost thru strikes in the six months' period was 114,844,980. A strike is a bad thing for the employer, it is a bad thing for the employee and it is a worse thing for the dear people, who must eventually pay in one form or another the strike loss.

NO MOTIVE SHOWN.

Charles M. Schwab emphatically denies the suggestion that he improperly received \$236,000 of shipping board funds during the war time. There are two facts which will make the public slow to believe this charge. The first is the reputation that Mr. Schwab has long held in the realm of big business. The second is that \$236,000 to him means no more than a dollar bill to many another man.

He was in the service of the government at the time of the alleged transaction serving as a matter of patriotism. A salary would not have attracted him. There was nothing in it but to add to an already good name, and it is improbable that he would take the chance of damaging that good name by the improper acceptance of even a huge sum.

THE MIDDLE GROUND BEST.

The primary campaign and the regular election in this state made the public utilities commission one of the greatest issues. It is not surprising therefore, that at the conference of the Illinois Chamber of Commerce to be held in Springfield next Wednesday, this same theme will have a most important part in the deliberations. There are radicals who believe that the utilities commission is a sacred institution and should not be touched. There are others just as firmly of the opinion that it would be a grand thing for the state to wipe out the law which makes the commission possible. Very probably both views are in error, and the proper thing is the middle ground—a commission with less powers than those now held, a commission operating under somewhat different lines than now effective. Some utilities governing body co-operating with the authorities in the cities can bring about good results and it is an amended law which is needed.

THE APPEAL OF BREVITY.

Dr. Muir has been named as chaplain of the United States senate, and it is said, won out in competition for the post of honor largely because of the brevity of his prayers. Just the other day his prayer in the Senate was just 40 words long and yet anyone who reads it will be convinced that it was a very comprehensive petition. Possibly it is wholly out of place for a sectarian newspaper to have an opinion on a matter of this kind, but certainly the average church attendant is frequently called upon to wonder if a minister holds the opinion that the quality and value of a prayer is measured by its length.

This reminds us that in a certain Jacksonville church the motto is to "hang on the wall, 'Speak short, sing short, pray short.'" Unfortunately this good motto seems to have been lost from its place.

AN EXPERIMENT IN DELIVERY.

The so-called St. Paul experiment was an effort made by the postoffice department to provide for local delivery thru the agency of the parcels post. This same plan was tried out in one or two Illinois cities during the holiday season but with only semi-satisfactory results. The purpose was to try thus to cut down delivery costs for mercantile establishments and therefore for consumers, but it is not claimed that the plan worked out with entire satisfaction.

There are more attendant difficulties for such a plan in a city of large size than in a smaller one. It is not too much to hope that in coming years the department may develop a plan with satisfactory results. The postal department of the United States is by no means perfect but, generally speaking, the service rendered exceeds that of other departments and experiments for its further development are attended with genuine interest.

MOSTLY COMMERCIAL GOODS AT U. S. ARMY STORE

The Army goods store at 12 West Side square, had an unusually busy day Saturday. The special offering of 100 boxes of soap was sold out in a few hours time. It was a genuine bargain and the people knew it.

The Army Goods store was established here about two months ago by a well known St. Louis firm, and L. L. Horen, member of the firm, is the local manager. Some goods purchased from U. S. army surpluses are carried, including three or four lines of reclaimed articles. But most of the offerings are entirely new commercial lines. The people of Morgan county as they visit this store are finding out this fact and that the firm is selling first class goods of guaranteed quality and at guaranteed prices.

MAKING SUCCESS AS COMPOSER OF MUSIC

Frank Skinner, a former resident of Milledgeville, is making a success with music and two of his song hits have recently been published in LaSalle, where he is playing with an orchestra. His success has been such with his musical work that it is understood a company of LaSalle students has been organized to publish his compositions. The Morgan county friends of the young man will be glad to know of his successful work.

CLUBS AND SOCIETIES

WILL SEEK FOR TAX CASE PAPERS

Court Order Provides for Presentation of Any Vouchers Relating to the Case.

A finding was made by Judge McDonald of the criminal court, in Cook county, recently, whereby State Auditor Andrew Russell is to produce certain vouchers in connection with the Fox primary election case if such vouchers are in existence.

It will be remembered that in this case State's Attorney Robert E. Crowe of Chicago, is making an endeavor to have brought before the grand jury in Chicago certain papers in the effort to show that Attorney General Brundage illegally used funds to keep Fox out of the jurisdiction of the Illinois courts. By agreement at a conference with Judge McDonald a ruling was made that Mr. Russell is to produce the vouchers for any payments made during a certain period of months to three persons named by State's Attorney Crowe.

Mr. Russell has been represented in this proceeding by John J. Reeve of this city and Mr. Brundage by Assistant Attorney General Mansfield and by James H. Wilkerson, former public utilities commissioner. Mr. Russell had previously indicated a willingness to produce the papers but wished for a court order before taking this action.

NEW FIRM OPERATES SOUTH SIDE MILL

Oran H. Cook and M. E. Greenleaf Have Formed Partnership.

Announcement was made yesterday that O. H. Cook and M. E. Greenleaf are now associated in the operation of the South Side Planing mill. The property is owned by Mr. Cook but will be operated by Mr. Greenleaf under the lease. Mr. Cook retains the ownership of the storage battery and truck business which is carried on under the name of the Electric Auto Service station.

Mr. Cook thoroughly understands the mill business and Mr. Greenleaf has had considerable experience with the lumber business and mill products. The new firm is expecting an active year and the purpose is to extend the business into as wide an area as possible.

Social Events

Entertain For Miss Bancroft.

Mrs. T. P. Carter, Miss Catherine Carter and Miss Marian Carter entertained in a delightful manner Saturday afternoon in honor of Miss Lora Bancroft who is a February bride-to-be. The affair was given at the Carter home on Lincoln avenue and about thirty-six guests enjoyed this pleasantly informal afternoon. In the course of the afternoon most delicious refreshments were served by the hostesses. This was another of the lovely pre-nuptial parties being given in honor of Miss Bancroft.

T. J. Wilson Given Birthday Surprise Party.

T. J. Wilson was most agreeably surprised Friday evening when a number of friends gathered at his home on Morton avenue to help him celebrate his forty-first birthday. The affair was planned by Mrs. Charles Curtis and Mrs. Frank Story and when the guests arrived they had with them lots of good things to eat. The evening was pleasantly spent with music and games.

Among the guests were: Mr. and Mrs. Charles Curtis, Mr. and Mrs. Frank Story and families; Mr. and Mrs. L. P. Mills and family; Ada Story, Terry Rousey and son, and Mr. and Mrs. V. D. Wilson and family.

MALLORY WILL MUST STAND COURT TEST

Daughter Left Small Bequest Brings Into Question Competency of Her Father to Make Will.

A bill was filed Saturday afternoon in the office of Circuit Clerk Wanamaker to set aside the will of the late Edward Mallory. The action was brought by Worthington, Reeve & Green, on behalf of Blanche Mallory Williams, daughter of the deceased, and the defendant is Mrs. Mazie Mallory et al. Mrs. Mallory is the step-mother of the complainant.

It is set forth that a certain instrument purporting to be the will was made April 2, 1918, by Mr. Mallory and that he died April 2, 1920. By the terms of this alleged will Mrs. Williams, a daughter of the deceased was bequeathed \$100. It is charged in the bill that Edward Mallory at the time of its execution was not of sound mind and memory, and that he was not capable of making any just distribution of his property. It is the claim that Mrs. Mazie Mallory, who is the principal beneficiary under the alleged will, stood in a fiduciary relationship to the deceased and was associated with him in the home and at his place of business.

The charge is made that on the day immediately prior to the making of the alleged will that Edward Mallory suffered a paralytic stroke which affected his mind and body and that he was not in condition to properly execute a will.

Mrs. Williams claims that her step-mother with artful design managed to have the will so drawn that the complainant in this case was practically excluded from sharing in the property.

The most important charge made appears later in the bill, wherein it is set forth that Edward Mallory was married to Fannie Brown in July, 1888, and that they were the parents of the complainant in this bill. The charge is made that subsequently Edward Mallory became interested in the defendant named as Mrs. Mazie Mallory and subsequently abandoned his wife. It is charged that neither prior to the death of Mrs. Fannie Brown Mallory nor subsequently that any legal marriage was contracted with the defendant named in this case. So it is the claim that neither Mrs. Mazie Mallory nor the other defendants named have any right to the property of the deceased, Edward Mallory.

SAYS RAILWAY WAGES MUST BE REDUCED

Editor of Railway Age Declares Reduction in Railway Wages Should Must Come Sooner or Later—Railroads Not Earning Adequate Net Return.

New York.—Railway wages should and must be substantially reduced sooner or later, and steps toward their reduction should be taken in the very near future, the Railway Age, editor of the Railway Age, told the New York Railroad club in an address here tonight.

Experience since the recent advances in rates were made have demonstrated, Mr. Dunn contended, that even with a maximum traffic the railways cannot earn 6 percent on the valuation fixed by the Interstate Commerce Commission with the present passenger and freight rates and the present wages. They are not now handling a maximum business. Their freight traffic has declined 3 percent since October and on January 8 they had a net surplus of 257,000 cars.

"The demonstrated inability of the railways to earn the return expected even when handling a maximum traffic," Mr. Dunn said, "and the tremendous decline of traffic are creating a serious situation to which not only railway managers, but the Railroad Labor Board, the Interstate Commerce Commission and Congress must give early attention."

"In September the railways earned only 67 percent of the expected net return; in October only 77 percent, in November only 58 percent. The total net operating income they should have earned for those three months to have contributed their share toward a 6 percent annual return was \$224,417,000, while the amount actually earned was only \$219,500,000. At this rate they would earn only 4 percent; and these were months of larger business. The Interstate Commerce Commission has recognized the principle that the railways must earn 3 percent to enable them to expand their facilities sufficiently to give the public adequate service."

Should Oppose Advance.

"The public would strongly oppose a further advance in rates under present conditions when prices of most commodities, and especially of farm products, are declining. The only alternative is to reduce operating expenses. The present very high operating expenses are chiefly due to the enormous pay roll. This enormous pay roll is due to the granting of the eight hour day under government control, which has caused a large increase in the number of employees, and to the large advances in wages made by the Railroad Administration and by the Railroad Labor Board last July.

"The operating expenses of the railways are now running at the rate of about \$5,950,000,000 a year, or over \$3,100,000 a year more than in 1917. Of this increase in expenses almost \$2,000,000,000, or about two-thirds, is due to increases in the pay roll, while most of the remainder is due to increases in the costs of materials and supplies.

"No injustice would be done to railway employees by reducing their wages at this time. The advance of \$620,000,000 a year given them last July by the Railroad Labor Board was granted when the cost of living was the highest ever known, being 104.50 percent more than in 1914. Since then the cost of living has declined and is estimated by the National Industrial Conference Board to be now only 90 percent more than in 1914.

"The present average annual wage of railway employees for working eight hours a day is 125 percent greater than it was in 1914 for working ten hours a day. Under the National agreements made by the government's Railroad Administration with various organizations of railway employees, many millions of dollars are being paid annually for that is not done. In 1914 the railways had 1,700,000 employees and paid them \$1,700,000,000. In 1917 they had about the same number of employees and paid them \$1,740,000,000. Today, because of the establishment of the eight hour day and the advances in wages which have been granted, they have about 1,950,000 employees who are being paid \$3,600,000,000 a year. While the increase in the average annual wage since 1914 has been about 10 percent, the increase in the total pay roll has been about 170 percent.

Complaint About Dates.

"There is much complaint from many sources regarding present freight and passenger rates. The necessity for the present rates is created chiefly by present railway wages. The farmer, shipper and consumer are all deeply interested in the question of railroad costs, because the cost is what makes the rates which all the public have to pay directly or indirectly; and the railway pay roll at present constitutes 60 percent of all operating expenses.

"All the present railway costs should be reduced, but the pay roll is so large a part of the total expenses that no substantial relief to the railways, which are not earning an adequate net return, or to the public, which has to pay present freight and passenger rates, can be obtained without a substantial reduction in wages.

"Farmers and business men recently have lost many hundreds of millions of dollars because of declines in prices. Wages already have been reduced in many industries. The Railroad Labor Board, in granting the advance in wages last July, based it largely upon the high cost of living. In view of developments since then a rehearing of the wage case should be held and wages fixed which are in harmony with existing conditions."

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When these sharp pains go shooting through your head, when your skull seems as if it would split, just rubalid Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, and gives you quick relief. Musterole is a clear, white ointment made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, neuralgia, congestion, pleurisy, rheumatism, lumbago, pain and redness of the back or joints, earache, eye troubles, chilblains, frost-bite, etc. of the chest (it often prevents pneumonia). It is always effective.

Recently, in the city of Chicago, a prominent man, burdened with excessive fat, went upon the operating table and had over sixty pounds of flesh carved from his huge, cumbersome body. Years ago the formula for fat reduction was "diet"—"exercise." Today it is "Take Marmala Prescription Tablets." Friends tell friends—doctors tell their patients, until thousands know and use this convenient, harmless method. They eat what they like, live as they like, and still lose their two, three or four pounds of fat a week. Simple, effective, harmless Marmala Prescription Tablets are sold by all druggists—a good size box for one dollar. Or if you prefer you may write direct to the Marmala Company, 98 Garfield Building, Detroit, Mich.

WILD MAN SAYS
HE CAUGHT HIS

Mississippi is Confronted

HIGH WATER
DRIVES HIM OUT
(By The Associated Press)
LAUREL, Miss., Jan. 22.—
Surrounded by the comforts of
civilization, Albert Parson, the
"wild man of the Leaf River bot-
toms" his fifty year old "wife,"
whom he says he caught 23 years
ago in a bear trap and a two
year old baby girl all of whom
strayed into the village of Lux
yesterday like people from an-
other age, tonight are as much a
mystery to authorities as when
they were first discovered.
Interest centers in the identity
of the baby. Authorities feel
certain she is not the child of the
couple, who, altho in perfect
health show signs of primitive
living and constant battling with
the elements of nature. The wo-
man has lost an eye, which she
declares in rambling statements
was "scratched out by a wild
cat."
When found the man's clothes
were in tatters, the woman wore
the scanty remnants of a one-
garment house dress and the
baby was naked. They had been
driven out of their "home," a
shack on a strip of land in an iso-
lated section, by high water.
Persons maintain that he owns
the land and the shack.
Stories have been heard for
years regarding a "wild man" in
the section, but usually were
discounted. The man says he is
72 years old, but looks older.

You Want to See

all you can when you go to Colifornia this
winter. So does everybody else. Therefore
the Burlington has inaugurated a new service
through Scenic Colorado and The Land of the
Mormons, by way of the D. & R. G. and West-
ern Pacific, which gives its patrons the big-
gest scenic treat it is possible for a transcon-
tinent trip to contain. And, the schedule is
arranged so hat the most important points are
passed in daylight. It takes a little longer to
go this way, but it costs no more, and when
you have been thrilled by the fascination and
grandeur of the scenes along this route you
will say theres no route like the Burlington
through the West.

You don't want to be disappointed about get-
ting space when you are ready to go. There-
fore, just as soon as your date of departure is
fixed, be sure and let me know.

How Come?

A salesman came in to
our place last week to sell
us some solid blue, and
stripe serges, beautiful
cloth. We told him we
were not in the market,
although we confess his
price was attractive, but
we didn't feel like stock-
ing at this time.

The upshot of it was, the
salesman said "I'll send
you several of these bolts
of cloth, you tell your pa-
trons what a wonderful val-
ue it is; you can have it at
the price named you, and
we'll wait for our money."
Well, we said, "all right,
send 'em along."

These serges are here;
they're the finest for the
money we've seen in many
years—You'll say so!

We've got the old reli-
able solid blue, the striped
blue and the striped brown
—We want you to see them.

And the price! Say,
you'll be most agreeably
surprised.

Get a serge now, the old
reliable serge, at the old
price, have it made to
measure. These are all
medium weight goods.

IRELAND'S CHIEF
SECRETARY REVIEWS
BLACK AND TAN POLICE
Expresses Regret at Mur-
der of Gallant Com-
rades
SAYS THEY ARE
BREAKING TERROR
DUBLIN, Jan. 22.—Sir Hamer
Greenwood, chief secretary of
Ireland, accompanied by Lady
Greenwood this morning reviewed
the black and tan auxiliary po-
lice in the Beggar's Bush Bar-
racks. In a speech to the men
Sir Hamer expressed deep regret
at the murders of some of their
gallant comrades and assured
them that the government was
determined to crush out the con-
spiracy whose object was to
smash the United Kingdom and
the empire.
He said no government could
tolerate or condone the assassina-
tions. Sir Hamer declared he
felt the auxiliaries were the cus-
todians of civilized government
in defeating the conspiracy
which depended, not on argu-
ment but on rifle, revolver and
bomb. They were up against
some dirty fighters, he said.
In conclusion, Sir Hamer de-
clared:
"I am sure we are breaking
this terror, which has nearly
ruined Ireland. Before long
there will be new and happier
Ireland, thanks largely to the
forces of the crown who have but
one object in this country—that
that is, to relieve Ireland from
the great and awful terror of as-
sassination and to help her des-
tiny as a part of the great com-
monwealth of the empire."

nounced he would plead guilty to
complicity in the theft of 31
packages of registered mail, con-
taining more than \$185,000 in
cash and \$27,000 in securities
and would throw himself on the
mercy of the court.
He denied he participated in
the actual theft of the packages,
but said he became a party to
the robbery after the packages
were brought to a garage of
which he is half owner. The
packages were in four mail
sacks and were stolen from an
express wagon in front of the
local postoffice. Kyle, furnished
postoffice inspectors with the
name of the man he said
brought the sacks to the garage,
but the inspectors asserted they
believed the man innocent and
that Kyle was attempting to im-
plicate him because he had been
instrumental in clearing up the
mystery of the theft. The actual
amount recovered was \$185,-

SHIPPING BOARD
WILL INVESTIGATE
ALLEGED CONTRACT
Will Look Into Mercantile
Marine Af-
fairs
ISSUE IS OF
GREAT MOMENT
(By The Associated Press)
WASHINGTON, Jan. 22.—The
shipping board voted today to
investigate at hearings next
Thursday the contract between
the International Mercantile Ma-
rine company, an American cor-
poration operating among others
shipping board vessels and the
British government.
Existence of such a contract
was first brought to public notice
last Thursday by Senator Jones
of Washington, chairman of the
senate commerce committee.
The senator said that under
its terms the company agreed to
pursue "no policy injurious to
the interests of the British Mer-
cantile Marine or of British
trade."
In announcing the decision of
the board to make an inquiry,
Frederick I. Thompson, vice-
chairman, declared that the issue
raised was considered of great
consequence and of a nature re-
quiring the attention of the ship-
ping board.
"It may be stated," he added,
"that it was the opinion of the
commissioners that no issue of
larger moment affecting the es-
tablishment and permanency of
an American merchant marine
had become before the present
board for consideration."

WOULD HAVE COUNCIL
TO LOOK AFTER OUR
FOREIGN RELATIONS
F. A. Vanderlip Suggests
That Such a Plan is
Necessary
THIRTY MEMBERS
FOR COUNCIL
NEW YORK, Jan. 22.—An
elected council, a sort of super-
senate, with supervision over the
department of state and the coun-
try's dealings with the rest of the
world was suggested today by
Frank A. Vanderlip in a speech,
as basis for constitutional read-
justment of the United States
machinery for foreign relations.
This organization would make im-
possible such a situation as
fraught with danger, now exists
between America and Japan, he
said.
"It might be that we would
have to make a political district-
ing of the country, similar to the
financial districting by the fed-
eral reserve board," Mr. Vanderlip
said. "But we would have this
body of about thirty members
elected with terms of ten years,
three members retiring every
year, and I would have them sit
continuously in Washington, but
never but half of them in Wash-
ington. I would provide that one
half of them, rotating must al-
ways be abroad.
"I think that body eventually
build an intelligent body to deal
with foreign affairs, a body of
men who have seen these ques-
tions on the ground, who have
become conversant with actual
conditions because they have ob-
served these conditions with their
own eyes."

MORGAN COUNTY HUMANE SOCIETY

I wish to call attention to the custom of some stock owners of feeding fodder alone to horses, and not much of it at that. I have made a few arrests on account of this way of feeding. I wish to impress on the minds of such people that fodder is not sufficient food for horses, they must have corn and oats as well as roughness, and enough to keep the animal in good condition, or the owner will have the humane officer calling on him.

If stock is sick the owner should have a veterinary surgeon call and see them. Many are not aware that there is a state law holding them responsible if sick animals do not have the proper care. These are state laws and we mean to enforce them if necessary, in order to make people give their stock the proper care. If stock is not worth their feed they are not worth having. People who do not feed their stock properly should not be allowed to keep them. Complaints should be telephoned to Illinois 577.

BARRY DEFEATED BY JACKSONVILLE HIGH

Locals Win Close Game From Pike County Team—Game Was Fast and Both Teams Played Hard.

Jacksonville high won from Barry high in David Prince gymnasium Saturday night by a score of 17 to 13. The game was fast and both teams played hard. However, both were off in shooting and their defense was better than the offense, which accounts for the small score.

Coach Mitchell started his entire second squad at the beginning of the game. While the squad did well they were unable to make points and Barry obtained a comfortable lead.

The first string men were then injected into the fray and kept digging until they got out in front and stayed there. For the locals Alexander, Woods, Hunter and Laney scored the points.

Barry proved to be a scrappy team and were on their toes all the time. While Jacksonville gained the victory it was only after the hardest kind of a fight. Roy Newman, Russell Newman and Elder were Barry's point scorers.

The game was witnessed by a large crowd and the greatest enthusiasm prevailed thruout the contest. The score:

IOWA BANK SWINDLED BY CLEVER RUSE

(By The Associated Press)
Cedar Rapids, Ia., Jan. 22.—The most unusual swindle worked on a local bank in many years took place today when a man known to officials of the Cedar Rapids National Bank as Charles Boyer, obtained \$6,000 and escaped.

Boyer presented his check for \$6,200, the amount he had deposited to a paying teller. Just as the teller handed over the money, he was informed by telephone that the money had been an accident to a member of his family and that he was wanted at a hospital. The minute the teller left Boyer presented another check for \$6,000 to another teller and it was cashed.

It developed that no member of the first teller's family had been injured and that the telephone call was part of the plot to rob the bank.

PITTSFIELD BURIES

WHITE HALL HIGH

Defeat Visitors by Score of 48 to 15—Green County Was Outclassed in All Departments of the Game.

Pittsfield, Jan. 22.—Pittsfield high buried White Hall high here tonight under an avalanche of baskets. When the smoke of battle cleared away the score was 48 to 15 in favor of Pittsfield.

There was little doubt as the result of the game after the first few minutes of play. Pittsfield outclassed the visitors in all departments of the game and it finally became only a question as to how many points the locals would make.

The local tossers played with a speed that took White Hall off her feet and she never got firmly settled. After Coach Poltz got the game packed away on legs he inserted a number of second string men and they also were able to get by the visitors defense. Pittsfield plays the strong Jerseyville team here next week and the fans are looking for a battle royal. The score:

WINCHESTER WINS

FROM PEARL HIGH

Both Teams Put Up a Hard Game and the Contest Was Not Decided Until the Final Whistle.

Winchester, Jan. 22.—Winchester high defeated Pearl high in an exciting game of basketball here tonight, the final score being, 19 to 16.

Both teams played at top speed thruout and the game was anybody's until the final whistle.

Winchester excelled in team work and basket shooting. The work of Evans and Schillinger at the forward positions, featured the offensive play of the local team.

Peak and Patrick played a strong game at guard. Schillinger threw nine free throws in nine tries.

For Pearl, Graftford, Garrison and Maynard were the chief point-makers, the Mitchell and Moore also broke into the scoring column.

A large crowd witnessed the game, the receipts totalling over \$50. The high school band furnished music during the evening.

Kansas Governor Says That Wages Should be Last Thing Cut

WARNING ISSUED TO LABOR

(By The Associated Press)
CHICAGO, Jan. 22.—Wages should be the last thing reduced during the period of business readjustment period," he said, "and both capital and labor must proceed with caution. The time is at hand for the government to step in and see that both capital and labor get a square deal. The entire industrial system is going down hill and almost a year ago may have caused a spill. In the building cleanup both sides are unfair to the public. Laboring men have no right to demand \$1.25 an hour nor have landlords the right to demand higher rents on long leases."

Governor Allen advocated establishment of an industrial relations court in Illinois declaring that the Kansas court was proving satisfactory to both capital and labor in most cases.

MADDEN AND MAGIN

WIN BIKE RACE

Finished Over 300 Points Ahead of Second Team—Event Largely Attended.

Chicago, Jan. 22.—Eddie Madden and Jake Magin won the six-day bicycle race which ended tonight at 10:30 p. m. They covered 2,279 miles.

The winning riders came thru first by running up more than six hundred points in tonight's sprint. Their total was 697. Moran and Fitzsimmons also did well in the final sprints and finished second with 394 points. Eaton and Hill and P. Drobach and Hanley tied for third and fourth with 390, while Osterlitter and Kockler, the latter a local amateur, were fifth with 328. McBeth and Walker scored 331 points while Kopeky and Ballo had 104.

The race closed with a series of 21 one-mile sprints, first place in each of which counted sixty points. The biggest crowd which ever jammed the Coliseum for a bike race attended, the police being called to control hundreds of persons in the streets who wanted to jam thru the doors which were closed at 9 o'clock.

It was announced that 56,642 persons attended the race during the week and that it had been a financial success—the first time in years a six-day race has paid in Chicago.

Plans were immediately started for another race in March.

"MAID O' THE MOVIES" CLEVER MUSICAL REVUE

Many of Jacksonville's Most Talented Singers and Entertainers to Appear.

What promises to be the cleverest musical revue of the season is the Maid O' the Movies to be staged at the Opera House Tuesday and Wednesday of this week. The final rehearsals under the able direction of Madge McKinley, the manager for Marlott-Cargill company of Chicago, point strongly to the fact that the production is going to be a signal success.

The cast of sixty people includes some of the best talent of which Jacksonville can boast and all local theater and concert goers know the character of the productions in which these stars usually figure. But the zest and enthusiasm which the members of the cast are putting into the concluding rehearsals show that they themselves think this is go-

ing to be an unusually smart and clever production.

Nothing is more fascinating than the inside workings of a movie studio, and it is upon such a scene that the curtain rises. Tom Buckthorpe as the able director, assisted by William Benson, Jr., as the camera man in struggles with the vamp, Miss Ruth Harker, "Mary and Doug," Miss Elinor Russel and Ollie Parker and Miss Virginia Spink as the ambitious Birdie, who wants to go into movies but doesn't know why. Mrs. L. T. Powgrs as Mrs. Kettle, the ambitious mother of Georgiana, played by Miss Gladys Kaapp, Byron Shibe as William S. Hart and the capers of the Spider, Russell-Bennett complete the cast for the clever studio scene.

In the next scene Mrs. George Orear leads the catchy "Hold Me" chorus of six, Misses Eugenia Woodman, Marjorie McMurphy, Mary Read, Ruth Reynolds, Katherine Alexander and Betty Palmer.

The Arabian scene is introduced by a prolog by Mrs. Paul Thompson, after which Mrs. William Barr Brown and Mr. Quast sing the beautiful song "Kismet" and an incense dance is given by Eugenia Woodman. Mrs. Forrest as a little Japanese lady, charmingly leads the "Japanese Sandman" chorus and Mrs. Orear and girls again appear singing "Whose Baby Are You?" Miss Lucille Mellen, William Benson, Sr. and Dick Reynolds furnish some clever comedy chatter.

"Where a plot begins and ends," adds real melodrama, when a wedding nearly takes place and a string of pearls is lost and found. Miss Willela Miller is the bride-to-be and her mother, Mrs. Paul Samuel. Willoughby the groom-to-be is Rad Ratcliffe, while Spike, Francis Doane and Hazel Widmayer as Fainting Fanny, relieve the tense dramatic situation. Parker played by Anna Weir Palmer, Hale, Bernard Senif, the detective, Russel Pinkerton and Mae, the modiste, played by Mrs. George Orear complete the dramatic cast.

A quaint scene is the "Old Fashioned Garden" chorus led by Miss Edna Hackett and the Holland garden scene with Mrs. Hackett Wilder as soloist. The revue closes with a charming tableau, the "Spirit of Youth." The personnel of the ensemble includes:

Betty Palmer, Ruth Reynolds, Mary Reid, Eugenia Woodman, Marjorie McMurphy, Catherine Alexander, Ida Widmayer, Sarah Russel, Lucille Mellen, Josephine Milligan, Irene Miller, Anna Dewey Doan, Edith Rogers, Bell Elliott Palmer, Cleo Clark, Virginia Cummings, Fern Carlisle, Margaret Miller, Marguerite Forrest, Edna Hackett, Helen Bennett, Alice Bray, Florence Cox, Louise Struck, Anna Weir Palmer.

With these and other episodes the make-up of this revue promises to make it the most striking new, entertaining, pretty and clever production which Jacksonville's theatergoers have been privileged to see for some time.

BARRY RESIDENTS SOJOURN IN WEST

Miss Essye Shreve and Mrs. Emma Malory Write from San Diego, Cal.—Fred Sykes of Kansas Visits Parents—Other Pike County News.

ILLINOIS COLLEGE NOTES

The regular Devotional meeting will be held at Academy Hall this evening at 6:30. Henry Iffner, '22, will lead the meeting.

Sigma Phi Epsilon Society, one of the girls' literary societies, held its 5th anniversary meeting Friday afternoon. An interesting program was carried out and letters of congratulation from charter members were read at the meeting.

Great interest is being shown in basketball this year. The team has made a very good showing, having won every game thus far. The yell-leaders for this year are Edward Theis, Floyd Lashmet and Francis Thurmon. Cross country running is replacing the regular gymnasium classes for young men this year credit being allowed for the required work in gymnasium. A competitive run will be held at the end of March, suitable medals being awarded the winners of the first three places.

The Tuesday chapel exercises, beginning this week, will be omitted temporarily and the third and fourth period recitations will be held thirty minutes earlier than heretofore. This change is being made so that the Y. M. C. A. meetings may be held on Tuesday from eleven-forty to twelve-ten thus avoiding conflict with basketball practice in the evening. The regular schedule will be resumed at the close of the basketball season.

Maek Peters, '22, will lead the Y. M. C. A. meeting Tuesday, in the chapel at eleven-forty.

Dean Scott gave an informal talk at the Parent-Teachers meeting in White Hall Tuesday

SAVE A CHILD!

We, the undersigned special committee of the Motion Picture Division of the European Relief Council in the State of Illinois, earnestly advocate that every Motion Picture Theatre in the State of Illinois render every courtesy and assistance possible to the representatives of the organizations allied in the humane, timely and urgent charity to the starving children of Europe on January 26th, and that cheerful permission be granted all qualified representatives the use of the motion picture theatres of the State of Illinois for the purpose of four-minute speeches for the above cause; and to allow them to accept offerings in the name of the suffering childhood of devastated Europe.

ALUMNI HAD FINE MEET IN NEW YORK

Pres. Rammelkamp's Lecture On Illinois College Received With Enthusiasm — New Officers Elected.

Wednesday, January 19th, the Illinois College club of New York City held their annual reception and dinner at Hotel Astor on Broadway.

As usual there were a number of guests, as well as old students present. After an elegant dinner the toastmaster, Harry N. Kirby, introduced President Rammelkamp who gave a talk illustrated by lantern slides on "Illinois College, Past and Present." As these pictures were thrown on the screen showing the faces of the founders of the institutions as well as conditions existing at that time, and also the greater things which came later the College friends realized more than ever before, what these men and their work meant to them.

Dr. Rammelkamp's lecture was wonderful.

Dr. Byron C. Darling in speaking of it afterward said "I never realized so fully before what the College has done for me, what Dr. Rammelkamp is doing, of his earnest self-sacrificing work, his singleness of purpose which is making us all so proud of our Alma Mater."

Dr. Edgar Hill, the general secretary of the educational board of the Presbyterian church was present. He talked a few minutes on his impressions of Illinois College and paid a beautiful tribute to the beloved Mrs. E. A. Tanner. A number of letters and telegrams from absent friends were read by the toastmaster, after which the nominating committee reported the officers for the ensuing year. They are:

President—Don Catlin, of '88.
Vice President—Fred Tanner of '88.

Secretary and Treasurer—Byron C. Darling, of '88.
The guest list included Dr. Charles H. Rammelkamp, Dr. and Mrs. E. L. Hill, Samuel Colcord, Mr. and Mrs. Fancher, Dr. and Mrs. Charles H. Russell, Mrs. W. H. Hinrichsen, Edward E. Hinrichsen, Miss Mary Johnston, Mr. and Mrs. Fred Coleman, Dr. and Mrs. Byron C. Darling, Miss Berry, Dr. and Mrs. Edgar Sturtevant, Mrs. E. A. Tanner, Miss Laura Tanner, Mrs. Dwight, Mr. and Mrs. Harry N. Kirby, Rev. E. Briggs Nash, Miss Alice Dickerman, Miss Murphy, Miss Kirby.

A CONFESSION

To the Journal:

I live in Jacksonville, Illinois, U. S., and on account of my age it is unnecessary to give the date of my birth. I am the man who recently drove west in my Hudson car at 10:30 p. m., and made better than 50 miles an hour between the Jacksonville high school and Caldwell street. I came in my Paige from Springfield the other day and made over 40 miles an hour all the way. I am the man who killed four chickens and a dog for a farmer living west of the city and I took a wheel off of a buggy near Buck's Grove on the hard road.

My Buick easily makes 50 miles per hour between College street and the big gate of the Inn, and can almost double that in my Stutz if my old folks are not around.

Recently I drove a Cadillac around the square at 2 miles per hour but I picked up 20 miles from Myers Bros. to the pilot light at West State street and the square and made the turn with a broad skid.

Yes, I've had accidents galore. I've been on my side in the ditch several times. I've turned turtle twice and almost killed the people with me some of whom are suffering yet. But it is great fun especially when I hit a freight train and made the railroad pay more than the car cost me.

I have a great record also with people. I ran over a child on Lafayette avenue, I broke a lady's bones all up and recently killed another, and I was only going a trifle over 10 miles in each case.

The police get me! Why, yes they've spoken to me and they told me what they'd do if they caught me, but it don't hurt them if they don't see me and I rely on the passiveness of the people not to appear against me. My word is as good as theirs' anywhere and as for the mosquito force, pooh! They've all got cars.

Law were made for real offenders and I am simply having a little harmless fun. I don't care what any one thinks, and I have so many business and professional calls that I get by. I want you all to know I don't care a snap. I'm having fun and have for years before you all were born.

Very truly,
T. D. CARELESS.

MEXICAN DUELING

(By The Associated Press.)
Mexico City.—Dueling as practiced in Mexico is the most harmless of outdoor sports. Although scarcely a week passes but some person whose pride has been hurt challenges the offender to "pistols at twenty paces in the Bosque of Chapultepec," few reach beyond the stage of talk and none even ventures close to reality.

A deputy from one Mexican state rises in the chamber and bitterly assails a member from another state for his attitude on certain public measures. The other replies with equal vituperation. Before the day is done the chances are a challenge will be carried to one or the other by two seconds who later describe their efforts in a verbose report to all the newspapers.

Once in a while the challenge will be accepted and then there is a scramble on all sides to see to it that the "government intervenes" at the proper moment. Whether there is official "intervention" is conjecture but the announcement is always the same—that "high authorities frowned upon the contemplated struggle death and forbade it." Pride is always satisfied by such announcement and the incident is forgotten.

ILLINOIS WOMAN'S COLLEGE NOTES

Semester examinations will begin Wednesday, January 22 and continue thru the week. Registrations for the second semester are just about completed.

Miss Horsburgh who is to take the place of Miss Moore in the violin department is expected to reach Jacksonville at noon on Thursday, January 27th. Miss Horsburgh will appear in recital within a short time after her arrival.

Day of Prayer will be observed Thursday, February 10. Dr. Herbert A. Keck of Champaign will preach the sermon. Services will be held thruout the week. It is expected that lasting good will result from the week's services.

Miss Janette Powell will lead the program at the regular monthly meeting of the D. A. B., next Tuesday at three o'clock at the Chapter House.

Miss Knopf is exhibiting with the annual exhibition of the Chicago Society of Artists opening on the 25th of January at the Chicago Art Institute and continuing thru the month of February.

The Home Economics department of the college held a very interesting exhibit in its laboratories in Barker Hall Saturday afternoon.

The Household Arts laboratory was converted into a millinery and needlecraft shop. The hats showed excellent workmanship as well as being very attractive. Some of the hats were accompanied by fur chokers or purses to match. There were winter as well as early spring models on display. Dainty waists and lingerie showed skill in needlework and made a most attractive exhibit. The lamps and baskets were very well made and illustrated the practical touch of color for coats or dresses.

The dining room was attractively arranged for an afternoon tea and the students in Household Science sold tea, coffee and cookies which were made in the cookery classes.

We received an early shipment of white and colored wool and plaid skirts all reasonably priced at HERMAN'S.

NOTICE TO TAXPAYERS

The tax books are now in the collectors office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress, and sale of goods and chattels of such person." Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

I am giving BLACKMAN'S MEDICATED SALT BRICK to mules and find it the best stock remedy I have ever used. One mule was so bad off she could hardly go and she took very freely of it and worms came in wads as large as hen eggs. I had two more mules I was thinking of clipping and I commenced using the MEDICATED SALT BRICK, and instead of having to clip them they shed off and got as fat as a butter ball. It is the best stock remedy that I know of. Three of the bricks will last a horse 30 days and he gets his salt as nature calls for it, three times a day, and it also provides him with. PLEASANT SOCIAL EVENT AT WINCHESTER

Mrs. W. D. Gibbs Entertains Friends Saturday Afternoon—Willis J. M. Adams Passed Away Saturday—Other Scott County News.

Winchester, Jan. 22.—Mrs. W. D. Gibbs most delightfully entertained about forty-five ladies Saturday afternoon at her pleasant home on East Elm street. While the event was a sewing there was an enjoyable musical program and various other features of entertainment, all of which made the afternoon a very pleasant one for all present. During the hours the hostess served delicious refreshments.

Willis J. M. Adams passed away Saturday at his home near Glasgow after an illness of several weeks' duration. The deceased was a son of the late John Adams, who for years a resident of Scott county. Mr. Adams had for years been engaged in farming in the vicinity of Glasgow and was well and favorably known throughout the entire county.

The deceased is survived by his wife and three daughters: Mrs. Byron McEvers of Glasgow; Mrs. Eva Young and Mrs. Lola Bowman, living at home.

The funeral will be held from the Glasgow Baptist church, Sunday afternoon, in charge of Rev. F. Peck. The Masonic order, of which the deceased was a member, will have part in the services.

There will be no services at the Presbyterian church Sunday.

ROUND TABLE HAD SESSION SATURDAY

Interesting Demonstration of Fireless Cooking Given—Some Tried Recipes.

The Domestic Science Round Table of the Jacksonville Woman's club held their January meeting Saturday afternoon at the home of Mrs. W. L. Fay, 1243 West State street.

The club was called to order by the chairman, Mrs. J. J. Reeve. The regular business session followed and the treasurer's report showed the club to be in a very flourishing financial condition. Mrs. Ben Lorton as chairman of a committee announced a special meeting of the Round Table for Saturday afternoon, Jan. 29th at 2:30 in the dining room of Grace church. At which time a demonstration on cooking in aluminum will be given by Mr. Magill. The articles of food will be prepared, cooked and served in this demonstration and a very interesting time is expected.

Mrs. A. B. Williamson, chairman of the program committee, announced the next regular meeting of the club for 2:30 afternoon, Saturday, Feb. 26th. This is to be a colonial party and will be held in the G. A. R. home.

The matter of assisting the social service league was discussed. There are many homes where the parents either can not or will not buy tooth brushes for the children and it was decided that the Round Table set aside a fund to buy tooth brushes for such school children as could not secure them otherwise.

After the business session a demonstration of fireless cooking was given by Mrs. W. A. Fay, assisted by Mrs. Ollie Parker. Mrs. Fay spoke of the importance of having your food well prepared and well seasoned before it went into the cooker, and of keeping the cooker perfectly clean. She prepared a Swiss steak with potatoes for the cooker and explained about the preparation of chicken and other meats. She handled her subject in a very able manner and proved to us that she was no novice with a fireless cooker.

Anumber of other members joined in the discussion. Mrs. Knapp talked on making croquettes without eggs or using fat for frying.

Mrs. Cocking explained how to make delicious angel food cake by baking it in the fireless cooker and Mrs. Reeve told how to bake brown bread in the cooker.

After the cooking demonstration Miss Katherine Parker charmingly sang "My Lady" by Thayer and "At Dawn" by Cadman, and for an encore "Pale Moon" by Logan. Miss Parker was accompanied by Miss Esther Duncan.

Mrs. John Groves of Springfield, Ill., and Misses Elizabeth and Lillian Cleary of Odell, Ill., were the guests of the club.

The hostesses who assisted Mrs. Fay were as follows: Mrs. T. H. Buckthorpe, chairman; Mesdames Ollie Parker, E. L. Fletcher, D. A. Schaffnit, Walter Martin, Charles Minter, Joseph Mallen, Elizabeth Stebbins, Uriah Zeigler, Ben Lorton, John Knapp, Louis Kelly, Nelson McMurphy, W. S. Jones, A. A. Anderson, F. M. Roberts, Clarence Reid, W. A. Fay, Homer Wood and Miss Clara Ranson.

Refreshments consisting of bran bread and baked beans baked in the cooker, and sandwiches, pickles and coffee were served.

Some Recipes.

The recipes for the bran bread and a very good brown bread are given below:

Bran Bread—
One quart bran.
One pint sour milk or butter milk.
One scant pint white flour.

1-2 teaspoon baking soda dissolved in milk.
3-4 cup sorghum molasses.
One cup raisins, one cup nuts.
Two tablespoons grahamed sugar.
One teaspoon salt. Bake one hour.

Mrs. Ollie Parker.

Brown Bread—
One pint sour milk.
One cup white flour.
Two cups corn meal.
One cup sugar or 1-2 cup sugar and 1-2 cup sorghum.
One teaspoon soda, pinch salt.
Mix meal, sugar and flour together, add milk and soda.
Small cup walnut meats may be added. Steam three hours or place in fireless cooker, and allow to remain about three hours.

Mrs. J. J. Reeve.

MATRIMONIAL

Hacker-Ragan.

Bryan Hacker and Miss Grace Ragan, both of the community of Concord, were united in marriage here Saturday morning by Rev. A. A. Todd, pastor of First Baptist church, at his residence on North Prairie street. They were attended by Mr. and Mrs. Julius Hacker, the former a brother of the groom.

The bride is a daughter of Mr. and Mrs. G. Ragan and is well known in the Concord community. The groom is a son of Mr. and Mrs. George Hacker and is engaged in farming.

For a time they will make their home with the groom's parents, three miles northeast of Concord.

Lowery-Phillips

Lee Lowery of Waverly and Miss Maude Phillips of Franklin were united in marriage here Saturday afternoon. They returned to Franklin on an afternoon train. Mr. and Mrs. Elmer Lowery of Loami and Miss Edith Phillips of Franklin, the two ladies who are sisters of the bride, were witnesses to the ceremony.

The bride was becomingly attired in a traveling suit of calama. She is the youngest daughter of Howard Phillips of Franklin. Since the death of her mother she has been keeping house for her father.

The groom is a son of Mr. and Mrs. Joseph Lowery of Waverly and is engaged in business as a decorator and painter.

GREAT POWERS SHOULD PLEDGE THEMSELVES TO PROTECT RUSSIA

(Continued from Page 1)

co-operation of the principal can be found.

"The attitude of the president towards those now in power in Russia has been frequently and clearly expressed. He regards the Bolsheviks as a violent and tyrannical minority, by no means representing the real desires and purposes of the Russian people. But he has never believed that the problems raised by this coup d'etat could be solved by military action from the outside. He now hopes that the recent tragic events on the Polish front and in the Crimea have convinced all the world that armed invasion is not the way to bring peace to the people of Russia.

"The rapidly shifting events of recent months have only strengthened his conviction that the Russian revolution beneficent in its main purposes, must be developed to a satisfactory conclusion by the Russians themselves. Help may from time to time be given from outside and voluntarily received, but attempts at military coercion can but end in disaster.

"There are elements in the present situation which give added hope to projects of pacification. All the world is weary of war, and the conviction grows among the peoples of all countries that the military method offers very little promise of solving the grave problems of reconstruction which face us. There is at present no overt civil war in Russia. It is now a problem of the relations between Central Russia and the surrounding smaller national groups.

Mutual Distrust Causes Unrest.

"The unrest and instability along the border are caused by bitter and mutual distrust. The struggling new nationalities, which were formerly part of the Russian empire are afraid to disarm and return to the works of peace because they distrust the Bolsheviks, and fear new aggressions. The sovietists contend that they are afraid to demobilize because they fear new attacks.

"The great impediment to peaceful reconstruction in those troubled border territories, the imminent danger of new hostilities is caused by the utter confusion between offense and defense. Unless this distinction can be clearly defined there is not only small hope of peace, but no hope of a clear perception of who is responsible for new wars.

"It is therefore the thought of the president that the present moment offers a peculiarly pressing challenge to an attempt at general pacification on the Russian borders along these lines. Such an attempt seems to the president the logical outgrowth—in fact the only logical development—of the request to mediate in the Armenian conflict and he feels bound in conscience once more to call this matter to the attention of the Associated Nations.

Powers Will Restrict Russia.

"It is obvious to all that these small, struggling border states will not attack Great Britain unless encouraged by promise of support from the strong powers. The president therefore believes that the sine qua non of an attempt at pacification must be a public and solemn engagement among the great powers not to take advantage of Russia's stricken condition and not to violate the territorial integrity of Russia, nor to undertake themselves any further invasions of Russia, nor to tolerate such invasions by others.

"Such a public engagement would in effect, say to those now in power, in Russia:

"You are not menaced from outside. The great powers have voluntarily guaranteed you from attack. You can have peace if you want it."

"The responsibility for any new war which might break out on the Russian border would then be clearly placed.

"If the principal powers represented on the council of the league find themselves in accord with the president in this matter and will assure him of their moral and diplomatic support, he will instruct his personal representative, Mr. Morgenthau to proceed at once on his mission."

MASTER IN CHANCERY SOLD FARM LAND

Land belonging to the estate of the late J. M. Trotter was sold at public auction by Master in Chancery Henry M. English at the court house door Saturday. This tract consists of 120 acres of land mostly rolling, located about four miles from Sinclair. It was purchased by Mrs. Vinita Basey of Waco, Tex., one of the heirs, for \$8,800 which is about \$73.33 per acre.

FORMER PRESIDENT MAKES PEACE TALK

Tells Edmunds That Huge War
Debt Makes It Imperative That
Necessity for Armament Be
Removed Does Not Fear
Trouble With England.

(By The Associated Press.)
Hamilton, Bermuda, Jan. 22.—
Former President William H.
Taft, who is spending a month
here, said in an interview that
"the enormous burden of debt of
every country makes it almost im-
possible to remove it. You can
only do that by joint action and
joint agreements and by prom-
ising to settle all differences
without fighting."

"They are already discussing
seriously in the United States an
agreement for disarmament or
the limiting of armament and
travelling enough this comes in
part at least, from men who have
vigorously opposed to any league
at all," he continued.

"I am very hopeful that under
Mr. Harding we shall reach a
conclusion with other leading na-
tions for an association or league
which shall mark the advance-
ment about by the war toward
reasonable machinery for the
avoidance of future conflicts.

This will involve the sitting
around the council table of all
important nations and will im-
ply the taking of joint measures
to compose differences and to re-
strain a resort to the unsatisfac-
tory and bloody arbitrament of
the war.

"Lately I have often been ques-
tioned as to the attitude of the
United States toward Great Brit-
ain. Of course the United States

consists of some 110,000,000
people with many different cur-
rents of thought permeating the
mass. Many different groupings
too will be found and there are
some of these groups, more vocal
than representative of real public
opinion who manifest bitter feel-
ing against Britain. But when an
important question arises, when
a real issue comes before us, then
the sober public opinion of the
United States asserts itself.

"I never have had the slightest
concern over the relations of the
two countries. We form the
strongest union for peace be-
tween nations that exist in the
world today. We have got into
the habit of settling all our dif-
ferences by means of negotiation
and arbitration. The great body
of the people in the United States
cannot conceive of a war between
the two countries because they
are confident that any matters in
dispute can and will be settled
either by negotiation or by the
judgment of a court as with peo-
ple in any domestic jurisdiction
where law and order prevail."

Speaking of business condi-
tions in United States, he said
they were not alarming. "We are
a very resilient people and can
fight our way out," he said.
"Congress is attempting to help
to the matter of credits."

GREENE COUNTY BOARD HAS NEW CHAIRMAN

J. W. Campbell Now Chairman
of Board of Supervisors—In-
terest in City Politics Awaken-
ing—Other White Hall News
Items.

White Hall, Jan. 22.—J. W.
Campbell has been delegated by
Col. W. V. Rhodes to attend to
the duties of chairman of the
Greene County Board of Super-
visors, and Mr. Campbell took
over the reins of county affairs
Thursday. Mr. Campbell is a
former member of the board.
Col. Rhodes has been in ill-
health for several weeks and
unable to attend to the public
duties devolving upon him as
chairman of the county board.
Editor James McNabb was up
from Carrollton Thursday and
called upon the old time Demo-
cratic warrior. Col. Rhodes is
one of the best known figures in
Greene county. He is best known
as an auctioneer, and served as
a member of the 40th and 41st
Illinois general assemblies from
the old 36th district, and also
served in the extra session under
Governor Tanner, being a mem-
ber of the agricultural and the
visiting committees. He is in
the 75th year of his age, and has
been a public figure practically
since coming to Greene county
from Pennsylvania nearly fifty-
five years ago.

Interest is awakening in city
politics, and there is speculation
as to who will be the successor of
Dr. F. N. McLaren as mayor. It
is an accepted proposition that
Dr. McLaren would not be ad-
verse to another term. Nearly
all his policies and recommenda-
tions have been of a high and
acceptable order, but at the outset
of his administration he incurred
bitter enmity over the light po-
lice appointment that it is har-
dly believed he will be able to
overcome during the remaining
weeks of his leadership in city
affairs. The desire for a young
man gives weight to a few sug-
gestions, the leading one of
whom is that of Guy Lowenstein
who has mayor pro tempore dur-
ing the past two years. The mat-
ter of paving will come up for
action during the ensuing two
years, and for this reason it is
desired to have a man of the
Lowenstein type to handle such
large affairs. He is liberal with
his pocketbook in all his public
activities, and is a leader
among the volunteer good roads
workers, being division treasurer
of the Mississippi Valley High-
way Association. This article
makes exceedingly interesting
reading even to the writer. If
Lowenstein puts his foot down
on the move in his behalf, there
are the names of Hal W.
Galbraith and T. M. English for
future consideration, but the
identity of both these with the
clay manufacturing business
crumbs their time more than
would be the case with Lowen-
stein in his convenient location
as cashier of the People's State
Bank.

One of the two new steam lo-
comotives to be put in operation

rendered useless, an act that
yet needed with repulsion by
the public.

FARM BUREAU NOTES

Morgan County Farm Adviser
George B. Kendall has returned
from Urbana where he has been
attending a state conference of
Farm Advisers. The meetings
were held Tuesday, Wednesday
and Thursday of last week in the
College of Agriculture building.

Farm advisers from all over
the state were in attendance and
many vital questions in connec-
tion with the agricultural life of
the country were discussed. One
of the biggest problems brought
before the convention was the
question of inaugurating a cam-
paign for larger acreage for leg-
umes. The success of such a
campaign would result in the
building up of the soil and
would also provide cheaper feed.

The world market situation
was also discussed at length. It
is a fact that at present there is
more wheat in the United States
than there was a year ago. The
foreign demand is still fairly
strong but it is also a fact that
our local millers are not buying
much wheat and most of them
have a comparatively small
stock on hand. As a result of
this situation it is predicted that
when the millers do start to
buy there will be a boost in
wheat prices.

A meeting of the executive
committee of the farm bureau
was held Saturday in one coun-
ty farm bureau office. The main
topic of discussion was the price
of farm labor. From correspon-
dence received at the office late-
ly it looks as if farm labor were
going to be cheaper this year
than last year. Farm bureaus in
other counties predict that the
farmer will be able to get plenty
of farm labor at twenty per cent
less than he was obliged to pay
last year.

It was also decided at this
meeting to have representatives
of the farmers' elevators meet
at the farm bureau office next
Friday.

A plan was decided upon
whereby certain commercial ac-
tivities will be handled coop-
eratively by the farmers. Such
a plan includes handling of
commodities in the line of fertil-
izers, feed and seed.

A fine meeting of the farm
bureau at Concord was held
Friday. A live stock shipping
association was organized and
it is believed that the Concord live
stock raisers. A meeting will be
held next Wednesday and the
election of officers for the asso-
ciation will be completed.

Mayor William Hale Thompson of
Chicago has asked Mayor Crabtree
here to appoint three delegates to
represent officially this city at a
big nationwide Good Roads Congress
and National Good Roads Show to
be held at the Coliseum in Chicago,
February 9 to 12 next. Delegates will
be chosen from every section of the
United States and Canada and from
Puerto Rico, Hawaii and Alaska.

The congress and show will be
held under the auspices of the American
Road Builders' Association, the na-
tional organization of government,
state, county and city highway of-
ficials, engineers, contractors and

MISS HAZEL BELLE LONG IS A JANUARY BRIDE

Well Known Young Woman Mar-
ried Saturday—Has Been Prom-
inent in Musical Circles.

The marriage rites of Miss
Hazel Belle Long and Mr. Geo.
Hutchinson Norris were said at
twelve o'clock Saturday morning at
the home of Mr. and Mrs. John K.
Long, the bride's parents. Dr.
Joseph R. Harker performed the
ceremony, the bride's family be-
ing the only witnesses.

Mrs. Norris is well known in
Jacksonville, having been active
for several years in musical cir-
cles. Her earlier musical educa-
tion was pursued in the local
schools and later supplemented by
study in the larger musical cen-
ters. During the past year she
has been a member of the faculty
of Illinois College Conservatory.

Mr. Norris is a prominent young
business man of the western part
of the state. For many years his
family and that of his bride have
been intimately associated. After
a short trip to Chicago, Mr. and
Mrs. Norris will be at home in
Bowen, Ill., where Mr. Norris
business interests are located.

Bank Spirit

The foundation upon which "Bank Spirit"
must be built, if it is to be a sound and lasting
thing, is the foundation of the fair deal. It is
an old principle, but one which must be newly
applied and constantly woven into the fabric of
an organization.

This Bank so genuinely believes in the truth
of this principle, and has in the past made so
great an effort to make it a part of its every day
life, that it believes even the caller upon casual
matters cannot but notice in every department,
that spirit of readiness, helpfulness and fair-
ness, which makes true "Bank Spirit."

Matters of great importance may take longer
study, require more consideration than the rou-
tine business detail, but it is the application of
"Bank Spirit" to routine affairs which largely
indicates what may be expected in problems of
considerable moment.

MISSOURI AFTER CIGARETTE SMOKERS
JEFFERSON CITY, Mo., Jan. 21.—A bill which would prohibit the sale, barter or giving away of cigarette papers in the state, and would make it a misdemeanor for anyone violating the provisions of the bill, was introduced in the Senate today. The bill would place a fine of not less than \$50 or more than \$200, for first offenses and a fine of not less than \$100 nor more than \$500 for second offense. A further provision is that one-half of the fine recovered would be donated to the complaining witnesses. The bill was referred to the judiciary committee.

STEWARDSHIP CAMPAIGN AT BROOKLYN CHURCH

At a recent meeting of the official board this church endorsed the plan of the general church to put on a campaign in the months of January and February to complete the million Christian stewards aimed at last year. To conduct the campaign, the following chairmen of committees were appointed: Publicity, T. B. Reeve; reading contest, Mrs. John Kastrup; mid-week excursions in stewardship, Mrs. J. A. Walters; pageant, Miss Leah Walters; Sunday school Kathryn Randle. One of the principal features of the campaign, is the reading contest. A number of books and pamphlets have been secured relating to the subject and placed in the hands of the unit leaders, to be distributed in turn to the members and friends of the church. Each book and pamphlet read counts so many points, according to its size, for the unit to which the reader belongs. At the end of the campaign, the winning unit will be entertained by the losers. A convocation will be held next Wednesday evening at the church at 7 o'clock, to formally launch the campaign. Refreshments will be served and a program prepared to which all the friends and members of the church are invited. The unit leaders met Friday evening at the home of Mrs. John Kastrup on South West Street to lay their plans and were entertained with a luncheon by the hostess.

approximately 13,000, all ranks. Four hundred and twenty-six chaplains served overseas with the Canadian Expeditionary Forces.

The British Empire profited more in a monetary way than any other nation as a result of the World War.

The relief work of the American Quakers now includes the daily feeding of 600,000 children in all parts of Germany.

German is taught in the officers training schools in France, where army officers are urged to learn the language.

The War Department recently ordered a reduction of the American forces of occupation in Germany from 15,000 to 8,000 men.

The United States Army had 580,182 head of horses and mules in the service during the World War, as compared with 40,000 trucks.

Col. Frank Parker, of the United States army, has been selected to conduct a course in strategy at the French War School in Paris.

Of the thirty-eight nations who are members of the League of Nations, twenty-one have not yet paid their contributions to the funds.

The United States has in confinement in three penitentiaries, 791 military general prisoners, 226 of whom were convicted for offenses committed in France before and after the armistice.

The three Marshalls of France—Joffre, Foch and Pétain—receive yearly in pay an allowance slightly less than a total of \$8,000 each, with about \$400 added if the recipient be married.

The French military loss in the World War was 1,327,000 dead, together with 435,000 prisoners unaccounted for, and 3,000 wounded whose deaths in five years have averaged at ten per cent.

Troop A, First Ohio Cavalry, has been designated to act as President-elect Harding's personal cavalry escort in the inaugural parade at Washington.

The Cleveland Grays, a National Guard Company, will be Mr. Harding's infantry escort.

More than 2,000,000 war medals have been distributed by Great Britain to former service men. This distribution includes 1,400,000 1914-15 stars, more than 900,000 British war medals and 80,000 victory medals.

Lieutenant-Colonel E. Richardson perhaps the greatest authority on dogs, was entrusted by the British Government during the recent war with the entire responsibility of training more than 4,000 dogs for army duty.

A recent report on Germany's disarmament show the surrender of 41,000 cannon, 29,000 unmounted cannon barrels, 163,000 machine guns and barrels, 2,800,000 rifles, 16,000 airplanes and 25,000 airplane motors.

Japan is now building a 40,000 ton battleship cruiser, while the United States is building six dreadnoughts of the Massachusetts class with a displacement of 35,000 tons each. Great Britain's biggest warship is the 41,200 ton battle cruiser Hood.

The French Government has placed twelve Legion of Honor decorations at the disposal of the Anglo-American Press Association, for distribution to six American and six British correspondents who distinguished themselves during the World War.

The War Department has ordered that the present horse-drawn vehicles be replaced by nearly 5,000 motor trucks, passenger automobiles and motorcycles, and 1,600 tractors to form part of the regular equipment of sixteen National Guard infantry and two cavalry divisions.

Six thousand men from Pennsylvania, disabled during service in the World War, are being aided by the Federal Government in rehabilitating themselves. They are paid at the rate of from \$50 to \$100 per month. Three thousand of the student-soldiers are residents of Philadelphia.

The future army for the United States will consist of the Regular Army, the Volunteer Army, the Officers' Reserve Corps, the Enlisted Corps, the National Guard while in the service of the United States, and such other land forces as are now or may be hereafter authorized by law.

Because he could not read forty words in any language, Demetris Robos, twice wounded while fighting in France as a corporal in the United States Army, recently was denied admission to America, but later admitted after his case was taken up with the Secretary of Labor by the United Veterans Conference.

To meet the possible requirements for police duty under the League of Nations, the little nation of Luxembourg, with an army of 181 men, is directed to raise a force of perhaps 2,500 men. Some opposition to join the league at all, developed on the ground that such an army would bankrupt the nation and rob industry of necessary labor.

FATHER AND SON WEEK, FEBRUARY 6 TO 12TH

The following are suggestions offered for those who are interested in observing the entire week with events. The local churches are planning to observe the Sunday morning church services and the Thursday evening banquet.

PURPOSE—1. To bring to the attention of fathers a new and larger responsibility to their boys, especially during these days of reconstruction.

2. To challenge fathers and sons to realize as never before their joint relationship to the home, church, school, community, state, nation, and the world for a Christian democracy.

PLAN—1. National Father and Son Week is again being promoted as a nation-wide effort by the Young Men's Christian Association of the United States, Canada and other countries.

2. It will be observed February 6-12 in local communities, by churches, boys' organizations, men's clubs, and other agencies interested in the purpose stated.

Program.

The following outline of the week's program is only suggestive of how to observe Father and Son Week. Arrange events to suit local conditions. Have at least a "get-together" some time during this week of Lincoln's Birthday.

Sunday, February 6—Go To Church Day.

Special "Father and Son Go To Church Sunday." Sunday afternoon rally by fathers and sons.

Monday, February 7—Find a Boy for Dad.

Committee arrange so that boys without fathers and men without sons may arrange to attend the banquet together.

Tuesday, February 8—Home Day.

Fathers plan to spend evening at home with sons.

Wednesday, February 9—Fathers Day.

Fathers conferences and discussions on the boy.

Thursday, February 10—Annual Banquet.

Arrange for Father and Son Dinner. Plan a real event. Secure good toastmaster and son leader. Use both fathers and sons on program for toasts, songs, stunts and special music.

Friday, February 11—Boys' Day.

Fathers should talk with their boys about the things they ought to know about life problems.

Saturday, February 12—Recreation Day.

Afternoon and evening with son for a good time—outdoor sports or indoor games.

The Woods sale of horses and mules at the end of North Main street, was well attended yesterday.

AID FOR THOSE IN WANT

There has been great evidence of the business depression in our city by the number of families applying to us for aid, then too, the quarantining that is certainly being enforced by contagious diseases, compels others to ask for help, widowed mothers, who are thus kept from their work are absolutely helpless and unable to procure even the necessary food, to say nothing of the rent and fuel. There comes to mind in the midst of all this passage: "Am I My Brother's Keeper?" Ages old, tho this query he still remain a ruling, ever present, issue, one that could be seen and solved by each individual, for the betterment of suffering humanity; for in this way must come the betterment of our city, state and nation.

Will you not personally aid in the great work the League is attempting to carry on? "We seek both you and yours."

1921 INCOME TAX FACTS YOU SHOULD KNOW

The Bureau of Internal Revenue estimates that there will be filed on or before March 15, 1920, approximately 475,000 corporation returns covering the calendar year 1920.

The revenue act of 1918 provides that every corporation, joint-stock company, association, and insurance company not specifically exempt is liable to tax, and except where exempted and the accounting period ends other than on December 31 the return must be filed by March 15 with the collector of internal revenue for the district in which the corporation's principal place of business is located. Form 1120 is used by every corporation (except personal service corporations), domestic and foreign, subject to taxation for filing its income and profits tax return. Form 1065 is used by personal service corporations. The return must be sworn to by the president, vice president, or other principal officer and by the treasurer or assistant treasurer.

Exempt Corporations.
Certain corporations, such as labor, agricultural, and horticultural organizations, corporations organized and operated exclusively for religious, charitable, scientific, or educational purposes, business and civic leagues, farmers' and fruit growers' mutual associations, may, by establishing their exemption, be relieved of the duty of filing returns and paying the tax. No corporation is exempt from filing a return until its status has been determined by the collector and the corporation so informed.

The corporation must file its return on the basis of its existing accounting period, which is established as the 12-month period ending on December 31 or upon the last day of some month other than December. The corporation can not change its accounting period without permission of the commissioner of Internal Revenue. The commissioner will not approve a change of basis of computing net income unless the notice is given at least 30 days before the due date of the return on the existing basis, and at least 30 days prior to the due date of the return on the proposed basis.

In general, the taxable net income of a corporation is its accounting net income, but a corporation can not deduct donations and gratuities, nor can Federal income and profits taxes be deducted.

Excess Profits Tax.
In addition to the surtax imposed upon individuals the law imposes upon corporations, in addition to the normal tax, an excess profits tax. The computation of the excess profits tax begins with the determination of the corporation's invested capital. In vested capital, as defined by the law, is the amount of cash and tangible property paid into the corporation, together with the paid-in or earned surplus, and undivided profits at the beginning of the taxable year.

The value of intangible property paid in for stock or shares, in an amount as limited by section 326 of the revenue act of 1918, may also be included in invested capital. The term "intangible property" means patents, copyrights, secret processes and formulae, good will, trade-marks, trade brands, franchises and other like property. Borrowed capital can not be included in invested capital. Adjustment must be made for inadmissible assets, which are defined as stocks, bonds, and other obligations (other than obligations of United States), the dividends or interest from which is not included in computing net income.

FINDS ARIZONA CLIMATE JUST WHAT HE NEEDED.
S. W. Nichols, who recently went to Arizona for his health has found the climate there just what he needed. His friends here will be greatly interested in knowing of his improvement. Mr. Nichols writes as follows:
"Tombstone, Ariz., Jan. 18.
"Dear Journal.
"I am writing almost as in a dream from which I must have a rude awakening. We have now been here ten days and the harrowing cough which I fought in vain for eleven months, has vanished and I can hardly realize the fact. It was with me for three days after our arrival; the fourth it was hardly as bad the fifth still less and the sixth but slight and since then no more at all.
"Sometimes when I would cough so hard that the neighbors across the street heard me. Nor was my experience unusual. Naturally my heart partook of the general prostration caused by my various experiences and I noticed the second night after our arrival it began to feel normal and has been improving ever since.
"And now let me hasten to say this is not a sly advertisement for the place as it is in no manner a health resort. We are paying our way, of course, but are the guests of kind friends recommended by Mr. R. P. Joy of Jacksonville. They have no facilities here for health seekers and if a friend wanted to come here I would be at a loss to find desirable quarters for him.
"I have seen advertisements of sanitariums in this part of the state only the managers have not been to Florida and Colorado to learn the art of extortion as I noticed the rates in several were \$15 to \$35 a week.
"A short time since I met a lady who said she had coughed every winter for 25 years till coming here, twelve years ago, since which time she had been free from it. I thought seriously of going to California but was advised that the season there would be damp; then I thought of Florida but am told by several that the winter down there has been exceptionally cold and damp, so much so that many have left for home in the north.
"The climate here is just perfection, though, I am told that it is

Quaker Minister Is Grateful to Tanlac

Rev. Parker Moon

Nearly everybody in Southwest Missouri either knows or has heard of the Rev. Parker Moon, who for a full half century has devoted his life and talents to Sunday school and organization work for the Society of Friends or Quakers.

"Uncle Parker," as he is more familiarly known, came from fine old rugged Quaker stock, and there is not a better known or more highly respected citizen in that part of the state. In referring to his remarkable restoration to health by Tanlac, he said:

"About five years ago I suffered a general breakdown. My principal trouble was nervous indigestion. My appetite was very poor and my food seldom agreed with me, and I had to live on a very restricted diet. I suffered a great deal from headaches and dizzy spells; I had severe pains across the small of my back and was badly constipated most of the time. In fact, I was so weak and rundown I was not able to attend to my duties.

"This condition made me very nervous and I could not sleep at night. Frequently I would lie awake most of the night and was in that condition more or less for five years. My physician said he could not do anything to me and suggested a change of climate. I then moved to Texas and went back and forth three times but did not get the relief I had hoped for. Finally, I got so bad off I was not able to get around with any degree of comfort. I was also told I had heart trouble.

"I had read about Tanlac and, as it had been very highly recommended to me, I decided to try it. I got a bottle and had taken only a few doses until I could notice a marked improvement in my condition. I noticed especially that I was not troubled any more with sour stomach after eating, which was a great relief.

"I kept on taking Tanlac until I fully regained my health. My appetite is splendid; I enjoy my meals and I do not find it necessary now to take any laxative medicines of any kind. I can sleep much better and am not nearly so nervous.

"I take great pleasure in recommending Tanlac to anyone who needs a good system builder, or who suffers with stomach trouble. I have recommended Tanlac to a great many of my friends and am pleased to reach others by giving this statement for publication."

Tanlac is sold in Jacksonville by Coover Drug Co. and J. F. Shreve, Wyle Drug Co., Franklin and Waverly, and the leading drug store in every town.—Adv.

Present Stocks Discounted Thousands of Dollars

The J. C. PENNEY CO.'S 312 Stores in 27 States, doing a business annually of approximately FIFTY MILLION DOLLARS, are Meeting New Price Conditions.
Every price based on replacement value, Regardless of Previous Cost.

NO STONE has been left unturned to bring our prices down to rock bottom. In many instances we are selling far below present replacement cost, based on what the average one-store merchant pays for his merchandise.

Not solely because we have short lines to close out, but because our buying power of 312 stores enables us to replace many lines at prices far below what our competitors have to pay for their merchandise. This saving we pass on to our patrons. Hence the prices we quote are doubly attractive and will remain so.

We solicit your patronage because we can serve you well and give you the most for your money. We do not believe in special sales, nor do we desire to indulge in sensational advertising. It is our intention to impress upon you the heroic measures we are taking to establish new prices based upon our replacement cost and prove to you that we are equal to every emergency, ready, anxious and determined to keep faith with our patrons and give them the benefit of our buying power and organized effort. We stake our reputation on our written word and assure you that you can shop here with absolute confidence that you are paying the right price.

Remember every article in our stock bears its proper reduction in price. We lose thousands of dollars by which our patrons gain. In twenty years of merchandising this is the first general loss we have ever sustained, but we are taking our loss gracefully and are determined now to put our house in order.

During these abnormal times many unscrupulous merchants, in order to get from under their load, resort to misleading statements and deceptive methods which prostitute advertising and result in a loss of confidence among the buying public. They become suspicious and know not to whom to look for fair treatment and the right price. We want you to know and feel that you can with impunity pin your faith to the J. C. Penney Company and be sure that your confidence will never be abused.

We invite you to our store that you may share in the tremendous savings offered, knowing that you will not be disappointed.

We invite close and accurate comparison of our merchandise and prices because comparison is the true test of value,
